Nays: None. Absent: Yeaton. Motion carried.

A Public Hearing was held on a temporary alcoholic beverage license for on-sale liquor for the Flandreau Volunteer Fire Department for a chislic feed to be held at the new fire hall on May 30th, 2026. No public input was held. Mayor Sutton closed the public hearing.

Motion by Bjerke and seconded by Ahlers to approve the temporary alcoholic beverage license for on-sale liquor to the Fire Department for event on 5-30-26 from 12:00 p.m. to 11:59 p.m. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Visitors to Be Heard: None.

Mayor Dan Sutton attended the Boys and Girls Club's Open House for the Early Childhood Learning Center and expressed thanks to all partners involved and the city council for their support of the project.

City Administrator Cohl Turnquist provided an update to the Council regarding several upcoming community events, including the Firemen's Chislic Feed scheduled for May 30; an Ambulance Open House at the Old Fire Hall on May 29 at 6:00 p.m.; and the closure of the City Office in observance of Memorial Day on May 25. Turnquist also reported that he attended Flandreau High School's Academic Awards Night, where he presented the Missouri River Energy Power Lineman Scholarship to senior Kody Kneebone. In addition, repairs to the lettering on the tornado shelter have been completed. Turnquist further noted that he, along with Mayor Sutton and electric department staff, will attend the Missouri River Energy annual meeting on May 6-7 in Sioux Falls.

Alderman Ahlers inquired about the City's plans for mosquito control. Public Works Superintendent Harris responded that City crews will begin spraying once mosquito activity is observed. Alderman Bjerke commended the City's mosquito control efforts during the previous year.

Motion by Ahlers and seconded by Tufty to approve the Administrator's Reports. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Old Business: None.

New Business: Flandreau resident Brian Hammer presented information to the Council regarding plans for an upcoming car show. Hammer requested approval for a partial closure of Main Street on July 18 to accommodate the event, which is anticipated to take place in the late afternoon and early evening. Additional details will be provided as the event date approaches.

Shane Waterman of IMEG Engineering provided an update on the utility improvement project. Crews have been working on Center and Wind Streets and have completed installation of the water main in that area. Paving is anticipated to begin soon. Waterman reported that the project remains on schedule for completion by October 2026. Additional project updates are available on the City's

website, and the next public meeting will be held on Wednesday, May 13, at 12:00 p.m. at the City Office.

Motion by Fargen and seconded by Ekern to approve the Pay Request #11 from H&W Contracting for the utility improvement project, Sewer Portion: \$198,028.39 and Water Portion: \$249,614.63. The city will be using allotted ARPA funds of \$171,590.58 to pay towards the sewer portion and \$179,352.99 to pay towards the water portion. The total pay request for DANR will result in Pay #10, Sewer: \$26,437.81 and Water: \$70,261.65. After this pay request, the city's ARPA funds will be spent completely. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Sewer Lining Project: City staff has identified issues with a section of sewer main and has requested a quote from Coreline, LLC for descaling, jetting, cleaning and lining of approximately 400 linear feet of 6-inch sewer main. Completing this work proactively will mitigate the risk of system failure, reduce the likelihood of emergency repairs, and ensure continued reliable sewer service to affected residents.

Motion by Fargen and seconded by Bjerke to approve the sewer lining project at the estimated cost of \$64,000, to be paid with funds from the sewer department. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Motion by Tufty and seconded by Ekern to approve the 2025 Annual Report prepared by Ketel Thorstenson, LLC. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Motion by Ahlers and seconded by Ekern to approve the mutual aid agreement between Flandreau EMS and Pipestone County Ambulance. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Discussion was had on the 2027 Dispatch Agreement with Moody County. The dispatch agreement fee is based on a formula, which has been revised by Moody County, with projected 2027 costs to be \$71,568.93 for the City, \$20,753.46 for FSST, and \$88,158.62 for the County. This is an increase of around \$4,000 for the city's share. No council action was taken. The City Council is expected to act on this matter at the next council meeting.

Motion by Ahlers and seconded by Bjerke to approve the yard waste site agreement with the City of Egan, which includes a \$1,000 fee payable to the City of Flandreau, paid by the City of Egan, which allows Egan residents to access the Yard Waste Site during normal operation hours and throughout the regular season. The following members voted aye: Ahlers, Bjerke, Ekern, Fargen and Tufty. Nays: None. Absent: Yeaton. Motion carried.

Council Comments: None.

The Mayor declared the meeting adjourned at 7:23 p.m.

Daniel D. Sutton
Mayor

Dan Sutton
1005 W Elm Ave
Flandreau, SD 57028

Dear Mayor Sutton:

Enclosed are two copies of the agreement for dispatching services for 2027. We would like to request that your Board put this on your next agenda.

If you would like to contract with the County for these services, please indicate by signing both copies of the agreement and returning one copy **by June 30, 2026** to the Moody County Auditor, 101 E. Pipestone Ave, Suite D, Flandreau, SD 57028.

If you have any questions, or would like an appointment to discuss this with the Board of Commissioners, please don't hesitate to call the Auditor's office at 605-997-3161. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Jerry Doyle".

Jerry Doyle
Moody County Commissioners

Enclosure

DISPATCHING AGREEMENT

THIS AGREEMENT is entered into between MOODY COUNTY, SOUTH DAKOTA, herein referred to COUNTY, and the CITY OF FLANDREAU, SOUTH DAKOTA, herein referred to CITY.

WHEREAS, the COUNTY has equipped and staffed dispatch services for dispatching appropriate emergency equipment and personnel as needed throughout Moody County; and

WHEREAS, the CITY is in need of dispatching services for the period of time outlined below and wishes to contract with the COUNTY for such services; now, therefore,

IT IS HEREBY AGREED between the parties hereto as follows:

1. The COUNTY agrees to provide dispatch services to the CITY;
2. The City will pay the sum of \$71,568.93 for such services for the term of this agreement and will do so in quarterly payments payable on January 1, April 1, July 1 and October 1, during the term of this agreement.
3. The term of this agreement shall be for one year commencing January 1, 2027, through December 31, 2027.

Mr. Dan Sutton
Mayor, City of Flandreau
Flandreau, South Dakota

The Watertown Regional 911 Center respectfully submits this overview to demonstrate the operational capabilities, professional standards, technological infrastructure, and long-term regional vision of our organization as discussions continue regarding the future of emergency communications services between the City of Watertown and the City of Flandreau.

As public safety communications continues evolving within South Dakota, regionalization and consolidation have become increasingly important topics. The State of South Dakota has openly recognized the need for stronger regional partnerships among Public Safety Answering Points (PSAPs). This direction was reinforced both through legislative initiatives associated with statewide 911 surcharge funding and through recommendations contained in the statewide PSAP Efficiency Study released last year.

Watertown believes strongly that high-quality emergency communications services are built upon professionalism, resiliency, accountability, training, and investment in technology. Our organization has made those principles the foundation of our operation for many years and will continue to do so for years to come.

It is our belief that the residents of Flandreau and, ultimately, Moody County deserve access to a highly professional, technologically advanced, and operationally resilient emergency communications center capable of meeting both current and future public safety demands.

Organizational Overview

Among the 28 dispatch centers currently operating statewide, including four Tribal/BIA PSAPs, Watertown has established itself as one of the state's leading emergency communications centers in both operational volume and professional performance.

Based upon population served and communications activity, Watertown currently ranks as the third largest Public Safety Answering Point (PSAP) in South Dakota, behind only Sioux Falls Metro Communications and Pennington County Communications.

Our center currently provides 911 and non-emergency call-taking services to a residential population of approximately 55,000 people throughout the region. Over the past two decades, Watertown has successfully integrated 62 separate public safety agencies into our communications environment without disruption of service.

Those agencies include law enforcement, fire departments, emergency medical services, and search and rescue organizations operating throughout our six-county region. This experience has allowed us to develop a communications environment that is scalable, adaptable, and prepared for continued regional growth.

Professional Standards and Training

The foundation of our communications center is the professionalism and training of its personnel. Every dispatcher employed by the Watertown 911 Center is certified through the International Academies of Emergency Dispatch (IAED) in both Emergency Medical Dispatch and Fire Dispatch protocols. These certifications require continuing education, performance standards, and recertification every two years to ensure compliance with nationally recognized best practices. In addition, all communications officers are certified as South Dakota 911 Telecommunicators through the South Dakota Law Enforcement Training Commission.

Training within our center is not viewed as a one-time requirement, but rather as an ongoing operational priority. During 2025 alone, our personnel completed more than 1,035 hours of continuing education and professional development training. This training is conducted through a combination of in-house instruction, law enforcement training programs, and IAED coursework.

The center also maintains an active certified Quality Assurance Team which reviews Fire and Emergency Medical Dispatch calls each month to ensure protocol compliance and operational consistency. During 2025, 475 medical calls and 218 fire calls were formally evaluated through our QA process, with compliance rates demonstrating a consistently high level of performance.

Operational Performance

Watertown has consistently demonstrated exceptional operational performance standards among South Dakota PSAPs.

Currently, 97 percent of all 911 calls received by our center are answered within ten seconds. Comparative statewide data consistently places Watertown among the top-performing PSAPs in South Dakota in regard to call answering efficiency and operational responsiveness. (see attachment)

Our center maintains minimum staffing levels 24 hours per day, 365 days per year, to ensure uninterrupted service delivery. At minimum, two dispatchers are always on duty, with typical staffing levels operating at three communications officers and additional staffing added during higher call-volume periods when necessary.

Unlike many smaller or multi-purpose municipal operations, management and administration of the Watertown PSAP is a dedicated full-time operational focus. This allows for increased oversight, stronger accountability, improved policy development, and continual operational improvement.

Technology and Infrastructure

The City of Watertown has made substantial investments into the reliability and resiliency of its emergency communications infrastructure.

The Watertown PSAP maintains direct fiber-connected access to the South Dakota State Radio Network through Pierre and currently utilizes Radio over IP (RoIP) connectivity directly to tower infrastructure in several of our partner counties. This is the technology that would allow us to dispatch emergency services in Flandreau from Watertown. Our center also maintains interoperability capabilities with neighboring PSAPs, along with redundant electrical, telecommunications, and IT systems designed to ensure continuity of operations during equipment failures or emergency situations.

Recently, the city completed significant upgrades to the center's backroom radio infrastructure in order to eliminate vulnerabilities and improve long-term operational reliability. Additionally, two weeks ago, Watertown was awarded a \$400,465 grant through the South Dakota 911 Coordination Board for implementation of state-of-the-art Motorola radio consoles and enhanced dispatcher capabilities.

Our center has also recently expanded its digital radio infrastructure through installation of a new CCGW switch, allowing for continued radio system growth and future regional expansion opportunities. These investments demonstrate not only the City of Watertown's commitment to public safety communications, but also its commitment to building a system capable of supporting future regional partnerships.

Regional Vision and Partnership Opportunity

Watertown firmly believes that regional emergency communications partnerships represent the future of public safety communications in South Dakota. The operational realities facing smaller communications centers today including staffing shortages, increasing technology costs, training requirements, cybersecurity concerns, infrastructure maintenance, and operational resiliency continue to place increasing pressure on local governments and we are aware of that.

Regionalization offers agencies the ability to maintain and improve service quality while benefiting from economies of scale, shared infrastructure, professional training resources, enhanced redundancy, and expanded technological capabilities.

Flandreau and Moody County are uniquely positioned geographically and technologically to be successfully served through a partnership with the Watertown 911 Center.

Our desire is not simply to provide dispatch services, but to build a long-term public safety partnership centered on professionalism, responsiveness, transparency, and service to the residents and first responders of Flandreau and ultimately Moody County. Watertown stands ready to continue investing in the personnel, training, and technology necessary to support that mission for years to come.

Conclusion

The Watertown Regional 911 Center has established itself as one of South Dakota's premier emergency communications centers through continued investment in personnel, training, technology, and operational excellence. We know our center possesses the professional standards, infrastructure, experience, and leadership necessary to provide exceptional life-saving emergency communications services to the residents of Flandreau and Moody County.

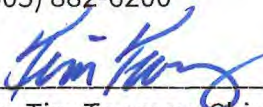

We appreciate the opportunity to continue discussions regarding this future communications partnership and look forward to working collaboratively toward solution that best serves your community.

Feel free to contact any of us listed below, should you have any further questions.

Agenda Action Form Flandreau City Council

Meeting Date: 5/18/2026

Title: Resolution 2026-09: Assessing Costs for Property Nuisance Abatement

Motion Resolution Ordinance Other

Background Information: In Spring 2026 and Fall 2024, the City of Flandreau initiated abatements of nuisance properties at 221 E 2nd Avenue and 310 E Park Avenue. Under South Dakota law (SDCL 21-10-6) and the City's nuisance ordinance (§92.19), the City is authorized to recover the costs incurred for nuisance abatement by assessing those costs against the property. Notice requirements under City Ordinance §92.19 have been satisfied. The property owner was provided an invoice for the nuisance abatement costs on April 24, 2026, along with a copy of the Notice of Hearing sent by certified mail. In addition, notice of the public hearing was published on May 6, 2026, and the hearing is scheduled for May 18, 2026, exceeding the ordinance requirement that at least seven days pass between filing of the cost account and the Council hearing on the proposed assessment. Each property owner or their attorney may appear be heard at the Public Hearing prior to the consideration of Resolution 2026-09. If approved, Resolution 2026-09 creates a lien against the property that will be certified to the Moody County Auditor for collection in the same manner as property taxes.

Justification: The resolution is necessary to formally assess the nuisance abatement costs against the property following the City's removal of the unsafe structure. Approval of the resolution allows the City to recover public funds expended to protect public health, safety, and welfare, and authorizes certification of the assessment to the Moody County Auditor for collection with property taxes pursuant to City ordinance and South Dakota law.

Financial Consideration: The assessment roll illustrates a \$51,500.00 total cost for 221 E 2nd Avenue and a \$15,858.94 total cost for 310 E Park Avenue. If collected by the Auditor's office, proceeds will be credited to the General Fund.

City Administrator's Recommendation: Approval

Attachments: Resolution 2026-09, Supporting Documents Attached to Public Hearing

RESOLUTION NO. 2026-09

**A RESOLUTION AUTHORIZING THE CITY OF FLANDREAU, SOUTH DAKOTA,
TO ASSESS THE COSTS NUISANCE ABATEMENT COSTS**

WHEREAS, pursuant to Title 92 of the Flandreau Municipal Ordinances, the City of Flandreau mowed and abated nuisances and incurred costs against the properties legally described as follows:

Lots A Subdivision of Block 11 of the Original Plat of the City of Flandreau, Moody County, South Dakota, in the amount of \$51,500, with an assessment filing date of April 15, 2026;

E-40' of Lot 4 Block 2 Park Addition to the City of Flandreau, Moody County, South Dakota, in the amount of \$15,858.94, with an assessment filing date of April 15, 2026; and

WHEREAS, after abating the nuisances on the above-described properties, an assessment roll was filed accordingly, against each property, said assessment rolls being open and available for public inspection at the office of the City Finance Officer, and notice of said proposed assessment was made to the owners of the properties in accordance with SDCL Ch. 9-43; and

WHEREAS, a public hearing was held on Monday, the 18th of May, 2026, at 6:30 p.m. in the Chambers of the Council of the City of Flandreau, South Dakota, to consider the assessment roll, of which amendments or corrections were made; and

WHEREAS, the City of Flandreau, being statutorily permitted to recoup the costs it incurred abating nuisances on the above-indicated properties, the Council approved the assessment roll immediately following the hearing, and henceforth desires to levy the above-indicated properties.

THEREFORE, BE IT RESOLVED by the City Council for the City of Flandreau, South Dakota, that the above-described properties are to be levied for the amounts herein indicated; and

THEREFORE, BE IT FURTHER RESOLVED that said assessments shall be collected by the Moody County Treasurer in one annual installment pursuant to SDCL §9-43-102.

Approved this 18th day of May, 2026.

ATTEST:

Daniel D. Sutton

Agenda Action Form Flandreau City Council

Meeting Date: 5/18/2026

Title: Aquatic Center Rental: National Guard Family Picnic

Motion Resolution Ordinance Other

Background Information: The Flandreau National Guard Unit has contacted City Administration regarding a request to rent the Aquatic Center for a private event on July 12, 2026. The Unit is requesting exclusive use of the facility from 9:00 a.m. to 3:00 p.m. for its annual family picnic. Historically, the National Guard Unit has hosted this event in Dell Rapids; however, the Unit is interested in returning the event to Flandreau this year. In Spring 2026, the City Council approved a policy limiting private pool parties to Sundays from 5:00 p.m. to 7:00 p.m. As a result, the National Guard Unit's request falls outside the approved policy parameters and requires special approval from the City Council. If granted, the National Guard will additionally request, at a later meeting, a special temporary alcohol license for the BBQ that will take place in the Aquatic Center Picnic Center. Alcohol would not be allowed within the Aquatic Center. City staff has consulted with the Aquatic Center Manager to verify staffing availability for the requested date and time, and adequate staffing has been confirmed.

Justification: Granting this request would provide a meaningful opportunity to bring the Flandreau National Guard Unit's annual family picnic back to the community it serves and represents. Hosting the event in Flandreau supports local engagement, strengthens relationships between the National Guard Unit and community residents, and highlights the City's commitment to supporting military families and community-centered events. While the request falls outside the City's recently adopted policy regarding private pool parties, the event is a unique, one-time community-oriented gathering rather than a standard private rental. In addition, City staff has confirmed that adequate Aquatic Center staffing is available to accommodate the request without negatively impacting operations. Given the positive community impact, the longstanding relationship between the City and the National Guard Unit, and the desire to welcome the event back to Flandreau, staff believes an exception to the policy is justified in this instance.

Financial Consideration: The only cost to the City associated with the rental is the wages for the lifeguards operating the Aquatic Center. Without the rental, the City would still incur normal operating and wage costs during scheduled pool hours.

City Administrator's Recommendation: Approval

Agenda Action Form Flandreau City Council

Meeting Date: 5/18/2026

Title: Ordinance 641: Permitting and Regulation Golf Carts

Motion Resolution Ordinance Other

Background Information: Administration has been made aware of the City Council's interest in establishing an ordinance that permits and regulates the use of golf carts within the city limits of Flandreau. Ordinance 641 references SDCL 32-14-14, which grants municipalities the authority to permit and regulate golf cart operation within municipal boundaries. Both SDCL 32-14-14 and Ordinance 641 require that golf carts be permitted by the municipality, operated only by individuals holding a valid driver's license, and covered by insurance. Golf carts will also be required to comply with all applicable traffic laws and will be permitted to cross County and State highways. If approved, the City Council may adopt a resolution establishing the applicable permit fee. Currently, golf carts are not permitted on City streets within Flandreau

Justification: The proposed ordinance is currently in the discussion phase and is being considered in response to interest expressed by members of the City Council regarding the potential use of golf carts within the city limits of Flandreau. The purpose of the discussion is to evaluate whether allowing golf carts under a regulated permitting process would provide a safe and practical transportation option for residents while ensuring compliance with state law and local traffic regulations. The ordinance, if ultimately approved, would establish operational requirements consistent with SDCL 32-14-14, including permitting, proof of insurance, and valid driver licensing requirements. At this time, the proposal is intended to allow the City Council and the public an opportunity to review, discuss, and provide input before any final action is taken.

Financial Consideration: The passage of Ordinance 641 would provide the City with a minimal additional revenue source. It is approximated the permit fee would be \$25 per permit.

City Administrator's Recommendation: No action at this time. Indication of the City Council's intent.

Attachments: Ordinance 641 and SDCL 32-14-14

32-14-14. Ordinance permitting golf carts on highway within platted boundaries--Requirements--Permit--Fee.

Notwithstanding § [32-14-15](#), any municipality or township with an unincorporated town may adopt, by ordinance, traffic regulations permitting the use of golf carts on a highway within its platted boundaries. The ordinance shall require that the golf cart is insured and the person operating the golf cart in the municipality or unincorporated town to hold a driver license and to obtain a permit from the authority having jurisdiction. The municipality or township may charge a fee for the permit. The ordinance may also require the golf cart to display a slow-moving vehicle emblem in accordance with § [32-15-20](#) or a white or amber warning light in accordance § [32-17-46](#).

Ordinance 641

AN ORDINANCE ESTABLISHING §73.50, PERMITTING, AND REGULATING THE USE OF GOLF CARTS WITHIN THE CITY LIMITS OF THE CITY OF FLANDREAU

Whereas, SDCL 32-14-14 permits municipalities to adopt ordinances permitting golf carts within City limits; and,

Whereas, permitting of golf carts requires the City of Flandreau to establish certain requirements for safe operation; and,

Whereas, there is a desire amongst the general public to operate golf carts within Flandreau's City limits.

THEREFORE, BE IT ORDAINED by the Flandreau City Council that Chapter 73: Recreational Vehicles of the Flandreau City Code of Ordinances be amended to include Section 50: Golf Carts and read as follows:

Golf Carts

73.50 Definition

(A) A four wheeled vehicle originally and specifically designed and intended to transport one or more individuals for the purpose of playing golf on a golf course.

73.51 Regulations

(A) The City of Flandreau hereby permits the use of golf carts on the municipal streets and highways to the City subject to the following:

- (1) The golf cart is to be insured as provided in SDCL §32-35
- (2) The person operating the golf cart shall hold a driver license as defined by SDCL §32-12-1
- (3) The person operating the golf cart shall obtain an annual permit from the City of Flandreau to operate the golf cart on municipal streets; the fee for said permit shall be established by Resolution of the City Council

(B) No person may operate a golf cart on a state or county highway within the City except for crossing from one side of the highway to the other. A golf cart may cross the highway at a right angle, but only after stopping and yield the right-of-way to all approaching traffic, and crossing as closely as possible to an intersection or approach.
